CHAIRMAN'S MESSAGE

Dear Professional Colleagues,

Happy New Year 2024 to each and every one of you!

As we usher in the new year with hope, joy, and anticipation, I wanted to take a moment to express my gratitude to all of you for your unwavering support and dedication to the managing committee of our Mangaluru Branch.

I am thrilled to share with you some exciting news regarding the renovation of our branch premises at Mahendra Arcade in the city. After diligent efforts and planning, I am delighted to inform you that the ICAI Head Office has granted us the necessary permission to proceed with the renovation project. This renovation has been carefully designed to enhance the functionality, aesthetics, and overall experience of our branch facilities.

The renovated premises will feature upgraded technology infrastructure, improved seating arrangements, and modern aesthetics aimed at creating a visually appealing space that meets the expectations of our esteemed members. While the renovation may cause some temporary disruption, all branch programs will be held at the Padil Premises until the completion of the renovation. We appreciate your understanding and cooperation during this time as we strive to provide the best facilities for our members.

Reflecting on the events of the past month, our branch has hosted a series of professional and non-professional programs catering to the diverse needs of our members. From the insightful discussions on MSME and Start-ups to informative sessions on GST Annual Returns and Code of Ethics, each program has been well-received and attended by our esteemed colleagues.

Furthermore, our commitment to financial and tax literacy outreach was exemplified through programs conducted at Shree Devi Institute of Technology and Gandhi Park in Mangaluru. These initiatives underscore our branch's dedication to not only serving our members but also making a positive impact on the broader community.

I extend my heartfelt thanks to each of you for your continued support, which serves as a constant source of motivation for the managing committee. Your participation and enthusiasm contribute immensely to the success of our events and initiatives.

As we embark on this new year filled with promise and opportunity, I look forward to continuing our collective journey towards excellence and growth.

Best regards,

CA Gautham Nayak M.

Chairman Mangaluru Branch, ICAI

WORDS OF THE WISE

- ✚ *"Our duty is to encourage everyone in his struggle to live up to his own highest idea, and strive at the same time to make the ideal as near as possible to the Truth."*
- ✚ *"Talk to yourself once in a day, otherwise you may miss meeting an intelligent person in this world."*
- ✚ *"We are what our thoughts have made us; so, take care about what you think. Words are secondary. Thoughts live; they travel far."*
- ✚ *"Take up one idea. Make that one idea your life – think of it, dream of it, and live on that idea. Let the brain, muscles, nerves, and every part of your body, be full of that idea and just leave every other idea alone. This is the way to success."*
- ✚ *"All love is expansion; all selfishness is contraction. Love is therefore the only law of life. He who loves lives, he who is selfish is dying. Therefore, love for love's sake, because it is the only law of life, just as you breathe to live."*

- **Swami Vivekananda**

JANUARY SPECIALS - “ARMY DAY”

The country is celebrating 76th Indian Army Day on January 15 with the main parade being held in Lucknow for the first time. Traditionally, the parade was conducted at Delhi Cantonment every year.

However, the Centre decided to shift major events to different parts of the country.

Why is Indian Army Day celebrated on January 15?

Army Day is celebrated on this day to remember General (later Field Marshal) KM Cariappa taking over the command of the Indian Army from General Sir FRR Bucher, the last British Commander-in-Chief in 1949. He became the first Indian Commander-in-Chief of Independent India.

Theme of 76th Indian Army Day

The Chief of Army Staff has announced that the Indian Army will observe the year 2024 as the 'Year of Technology Absorption,' a theme that underscores the Army's focus and efforts to leverage technology as a catalyst for transformative change.

The character of warfare continues to change. To prepare ourselves for the future, we set into motion a holistic transformation process last year. We have made good progress and many milestones have been achieved. Our capability development endeavours stand on the edifice of Atmanirbharta, to which we are firmly committed. The transition towards becoming a modern, agile, adaptive and technology-enabled future-ready force shall continue as part of the Transformation Roadmap.

On the occasion of Army Day 2024, ICAI Mangaluru conveys its felicitations and warm wishes to all ranks of the Indian Army, civilian employees, Veterans and their families. We solemnly remember and pay homage to our comrades who have laid down their lives in service of the nation. Their supreme sacrifice shall always inspire us. The Indian Army plays a pivotal role in ensuring the country's security. The Indian Army has always displayed professionalism during conflicts, counter-insurgency and counter-terrorism operations, national calamities and disasters. The exemplary leadership and selfless devotion exhibited by the men and women of the Indian Army is admirable. Whether it is combating outside threats or helping out during the times of natural calamities, the brave soldiers of the Indian Army have undertaken their duty with courage. As a disciplined and powerful force, the Indian Army has made a name for itself in the world.
